ENGLISH SUMMER CAMPS

Bond's Summer Camps are designed to provide international students with an exciting opportunity to learn English, discover Canada and make life-long friendships in a supervised and caring environment.

The camp is packed with activities, city trips, out of town weekend excursions, sports, specialized workshops and intensive English Classes.

Qualified staff and teachers deliver a solid program where students learn how to speak English with confidence and ease. Fun and interesting facts about Canadian history and culture are also integrated into the program.
