## TORONTO, CANADA

### ENGLISH WINTER CAMPS

Bond's Winter Camps are designed to provide international students with an exciting opportunity to learn English, discover Canada and make life-long friendships in a supervised and caring environment.

The camp is packed with activities, city trips, out of town weekend excursions, winter sports, specialized workshops and intensive English classes.

Qualified staff and teachers deliver a solid program where students learn how to speak English with confidence and ease. Fun and interesting facts about Canadian history, culture and winter survival tips are also integrated into the program.

### TORONTO, CANADA

Toronto is a great city to visit. It has a high quality of life and loads of attractions including the world's tallest building (CN Tower) and the world's longest street (Yonge Street). Toronto is culturally diverse, cosmopolitan and safe. In fact, it is the safest large city in North America.

### MULTICULTURAL EXPERIENCE

Aside from learning English, students will also have the opportunity to meet campers from around the world. In the past years we have had camp participants from Mexico, Brazil, Spain, Russia, Korea, China, Venezuela & Colombia..
